SICKNESS INCREASING.

Over One Hundred Typhoid Fever Patients

IN THE DIVISION HOSPITAL.

Red Cross Wards at Camp Meade Doubled in Size.

MANY CASES BROUGHT THERE.

Trained Nurses Are on the Ground Taking Care of the Most Serious Cases—Some of the Sickness Is Traced to Camp Black.

Camp Meade, Middletown, Pa., Sept. 20.—There are over 100 typhoid fever patients in the division hospitals.

The Red Cross wards have been increased to double their former size to accommodate this class of patients. The society has 35 trained female nurses on the ground taking care of the most serious cases.

More than half the new cases were brought to Camp Meade by the Two Hundred and First and Two Hundred and Second New York regiments from Camp Black.

Major Charles R. Parke of Scranton will be tried by general court martial for refusing to receive descriptive lists of patients delivered to the second hospital while he was in charge. Parke's defense will be that he never received a copy of the order.

LACK OF TRANSPORTS.

Uncle Sam May Have Some Difficulty in Landing Troops at Manila.

San Francisco, Sept. 20.—The news received from Washington to the effect that five regiments now encamped in this city had been ordered to Manila created much excitement.

A call on the Merchants' exchange elicited the information that the only vessel available for transportation purposes, not already otherwise engaged, is the steamer Centennial, and she has been rejected by the government on two occasions.

The steamers City of Sidney and the City of Peking, former transports, are here, but are being prepared for their former commercial duties. The Sydney is scheduled to sail for Panama September 23, and the City of Peking is slated to depart for China October 1. The steamer Australia is due to arrive here from Honolulu. The Australia has already made one trip to the Philippines in the service of the government, and was but recently returned to her former run between this city and Honolulu.

General Wheeler's Cavalry.

Montauk Point, L. I., Sept. 20.—The question of sending General Wheeler's cavalry brigade to Huntsville, Ala., has caused numerous messages to be exchanged between General Wheeler and the war department. General Wheeler says he does not know just when the brigade of cavalry will be moved from Montauk, but he expects they will be ordered away by the first of the month. General Wheeler, who fully expects to return to congress, will resign from the army service early in October.

Alger at Fort Thomas.

Cincinnati, Sept. 20.—Secretary Alger, Generals Sternberg and Luddington, Major Hopkins and others returned from their inspection of the hospitals at Fort Thomas and reported that they found everything in excellent condition and no serious cases in any of the hospitals. Secretary Alger and party left for Camp Hamilton at Lexington, Ky., and will proceed thence on their itinerary of the southern camps and hospitals.

Troops For Manila.

Washington, Sept. 20.—It was stated at the quartermaster general department that the returning transports which have been to Manila on one trip will be used to take the troops now at San Francisco to the Philippines. Two of these steamers which will accommodate about half of the command are expected to arrive in a day or two. Other steamers now on their way will be sent back as soon as loaded with troops.

Army Surgeon's Report.

Washington, Sept. 20.—Lieutenant Colonel L. M. Muns, chief surgeon of Seventh army corps, has made a report to General Lee, which shows the excellent condition of the camp at Jacksonville, Fla. There are 569 persons undergoing treatment and only a few of these cases are of a serious nature, principally typhoid fever. The water supply comes from artesian wells 800 to a 1,000 feet below the surface.

More Trouble Feared.

Lexington, Ky., Sept. 20.—Private J.

H. Waten, Eighth Massachusetts, died at Camp Hamilton of typhoid fever, making the sixteenth death. General Breckinridge reviewed the troops before an immense crowd. Secretary Alger will review them Tuesday. There have been frequent clashes between colored immunes and white soldiers and serious trouble is feared.

ADMITS HIS GUILT.

Attempt to Burn Railway Y. M. C. A. Quarters For Insurance. Cleveland, Sept. 20.—The building on Alabama street occupied by the railway branch of the Y. M. C. A. was nearly destroyed by fire.

Robert W. Doon, an engineer on the Lake Shore railway, who has been sleeping with the janitor, set the place on fire and is now under arrest. He admits his guilt and declares that he fired the building, which is an old one, so the association could get the insurance money and start a new building. He says he had no accomplices. A few days ago he bought a barrel of coal oil and a quantity of cotton waste and had them delivered at the building with a card saying they were donated by "a member." Doon soaked the waste in the oil and distributed it about the building.

He then soaked the janitor's bed and induced him on some pretext to sleep on a couch downstairs. Filling a wash tub with the oil, he took it to the second floor and distributed it with a pitcher. Then he applied a match.

The loss is about \$3,500. Doon talks rationally. He says he is not a member of the Y. M. C. A. or a Christian, but out of gratitude for benefits conferred on him he planned the fire, believing that the building would be consumed and his own acts thereby covered.

GIGANTIC DEAL.

Corporation to Be Formed of the Tobacco Companies.

St. Louis, Sept. 20.—It can be stated upon authority that the deal for the organization of the Continental Tobacco company is on again.

This time the chances are largely in favor of its consummation. The scheme is to form a corporation with a capital stock sufficiently large to enable it to take in all of the plug tobacco factories in the United States, including the big independent plants of the Liggett & Myers and Drummond Tobacco companies of this city. The American Tobacco company is behind the deal as it was behind the one which fell through several weeks ago.

Another Postponement.

San Francisco, Sept. 20.—The habeas corpus proceedings in the case of Mrs. Botkin was continued for two weeks and the criminal case went over till two weeks from next Wednesday. Chief of Police Lees will attempt to force Governor Budd to extradite Mrs. Botkin by applying for a writ of mandamus. The attorneys for the prisoner contend that in extradition matters the governor acts in a judicial or quasi judicial capacity and therefore that he cannot be mandamus. Chief Lees is insistent that the governor in such matters acts purely as a ministerial officer.

Boundaries Altered.

Washington, Sept. 20.—The president signed an order altering the boundaries and area of the Black Hill forest reserves in South Dakota. A portion of the reserve was unsuited for timber growing and this has been excluded and a large tract extending into Wyoming, 443,000 acres, has been added to the reserve. This action was taken at the solicitation of the people living in the vicinity of the reserve.

Talmy Presented.

Washington, Sept. 20.—M. Cambon, the French ambassador, called at the state department to present the second secretary of the embassy, Oliver Talmy, who will be left in charge during the absence of the ambassador in Europe and of M. Thiebaut, the first secretary on a leave of absence in this country.

TO POISON AGUINALDO

Prisoner Accused of Tampering With Soup.

STEWARDS DISCOVERED IT.

It Is Stated That the Attendant, After Taking a Spoonful of the Liquid, Fell Over Dead—Great Indignation Aroused.

Manilla, Sept. 20.—The Republica Filipina asserts that an attempt was made to poison Aguinaldo. A steward, it is alleged, saw a Spanish prisoner, who had been allowed his freedom, make a movement which appeared like tampering with a bowl of soup intended for Aguinaldo, whereupon the steward tasted a teaspoonful of the soup and fell dead.

Eleven Franciscan friars are alleged to have been engaged in the conspiracy. The populace, it is further said, attempted to lynch all the Spanish prisoners but Aguinaldo intervened.

At Saturday's session of the national assembly, it appears, Aguinaldo was present, but his representative related the story of the outrage to the members, who unanimously adopted the chairman's proposal that they all go to Aguinaldo's house, express sympathy with him and congratulate him upon his escape.

During the evening a special thanksgiving service was held in the church at Malolos.

Assessment on Stock.

Philadelphia, Sept. 20.—John L. Welsh resigned the presidency of the Union Traction company, the corporation that controls all of the street car lines in Philadelphia. It is believed his successor will be George W. Elkins, a son of William L. Elkins, one of the principal stockholders of the company. The directors, at a meeting, decided upon an assessment of \$5 a share upon all stockholders, making \$17.50 paid in on a par value of \$50.

New Orleans Badly Tied Up.

New Orleans, Sept. 20.—At the board of health it is stated that there is no information of any other case of yellow fever than that of Malory Henneidy, announced on Saturday. The United States barracks is quarantined against the city, none of the troops there being allowed to come into the city. New Orleans is badly tied up as a result of the outside quarantine. The railroads and business community especially are suffering.

Will Institute Proceedings.

Washington, Sept. 20.—Upon official information received at the treasury department that certain railroad companies are not affixing the required two-cent revenue stamps to rebate checks given to passengers when fares are paid to the conductors, the commissioner of internal revenue has given instructions that evidence be procured with a view to instituting proceedings against these companies for violation of the law.

SMOKE AND FOG

Cause Disaster to Many Vessels on the Great Lakes.

Chicago, Sept. 20.—The dense smoke, coupled with fog, which now hangs over the upper lakes is bringing a long list of disasters to vessels and marine underwriters. The smoke is accompanied by a northwest gale on both Lake Michigan and Lake Superior. The cause of the smoke seems to be unknown, as no forest fires have been reported anywhere near the upper lakes, and it is believed that the smoke has come from fires in the far northwest several hundred miles distant.

The reports were: Steamer Lewiston, with grain, ashore near Scotts, Lake Michigan; Steamer E. E. Pope, from Duluth to Buffalo with grain, ashore at Vermillion Point, near Station No. 9, Lake Superior; Steamer Colorado, Duluth to Port Huron with flower, ashore on Eagle River reef; Schooner Senator, coal laden for Harbor Springs, ashore on Skelligalee reef; tug Salvor, ashore on Skelligalee reef.

Brewmasters In Convention.

Cleveland, O., Sept. 20.—The annual convention of the Brewmasters of the United States convened here with a preliminary meeting of the trustees in Germania hall. The apprentice question was discussed, and reports of the secretary and treasurer read. The regular business of the convention was taken up later, and the principal subject discussed was the apprentice question, which President Leonhardt Michael handled to considerable length in his annual report. About 300 members are in attendance.

Crews Deserted Their Ships.

Seattle, Wash., Sept. 20.—There will be no rush of the disappointed back from Kotzebue Sound this fall at least, and four or five San Francisco schooners are preparing to go into winter quarters there. They have no choice in the matter, for the crews have deserted and gone to the gold fields. Men to take their places cannot be secured at any price. There are very few now on the sound, about 1,800 of the 2,900 landed having gone into the interior.

Another Ohio Boy Gone.

Middletown, Pa., Sept. 20.—Private Philip Baker, company A, Twelfth Pennsylvania regiment, died of typhoid fever in the Red Cross hospital. Corporal Ira Keck, company F, Tenth Ohio, also died of typhoid at the First division hospital. Colonel Kreps received word from Carrier, Jefferson county, that Private Gilbert C. Freck of company I, Fifteenth Pennsylvania, had died.

Crushed by a Falling Derrick.

New York, Sept. 20.—While a gang of laborers were at work at the new athletic field adjacent to the Franciscan sisters' convent at Peekskill, N. Y., a large derrick fell and crushed several of the workmen. Patrick Moran was instantly killed. Joseph Nolan probably will die, and Michael McCabe was badly injured.

To Foreclose Railway Mortgage.

Baltimore, Sept. 20.—Suit was brought in the United States circuit court for the foreclosure of the consolidated mortgage on the Baltimore and Ohio railway, held by the Mercantile Trust and Deposit company. The mortgage was executed on Dec. 19, 1887, and covered the entire line of railroad of the Baltimore and Ohio.

ISSUED A MANIFESTO.

Duc D'Orleans Denounces the Dreyfusites.

REASONS FOR A REVISION.

He Imputes the Motives of the Ministers For Seeking a Reopening of the Matter While Convinced Dreyfus Is Guilty.

Paris, Sept. 20.—The Duc D'Orleans has issued a manifesto denouncing the Dreyfusites.

The manifesto begins thus: "At last the promoters of the odious plot against the honor and security of the fatherland have thrown off their masks. Intimidated by them, the ministers have lowered themselves so far as to become their accomplices."

The Duc D'Orleans accuses the ministers of seeking a revision of the Dreyfus proceedings while convinced that guilty, under pretext of calming the public, for their own profit. He declares that the prospect makes his heart quiver, and he concludes his manifesto in these words:

"Frenchmen, we are masters in our own country. Your servants, subject to occult and pernicious power, presume to impose upon you the will to which they submit, under pretext of proving the innocence of a man whom the military tribunals have condemned as a traitor. It is the army they are trying to destroy, and France they are striving to ruin. Frenchmen, we will not allow it."

Strikers Still Marching.

Monongahela City, Pa., Sept. 20.—The arrest of over forty of their number last week did not deter the striking miners of the Third pool from marching to the mines on Monday. About 75 men were in line, headed by National Organizer McKay and a brass band. The marchers were divided up and a squad stationed at the entrance to each pit. Twenty-five men went to work and no trouble occurred. The work of organizing the Fourth pool miners is now in progress.

Invited Vanderbilt.

New York, Sept. 20.—An intoxicated man flourishing a revolver stood in front of the Vanderbilt residence at Fifth avenue and Fifty-eighth street, loudly inviting Cornelius Vanderbilt to come out and be a target for him. No one appearing, he announced that he would shoot everybody in sight. A policeman took the revolver away from him and hurried him to the station house. There he described himself as William Quinn, a grocer's clerk.

DEMOCRATIC TICKET

FOR CONGRESS.
MORDECAI WILLIAMS,
 of Boyd County.

It looks like Rough Rider Roosevelt and General Miles ought to be able to use stay-at-home Alger up on short notice.

SOME men are born great and others have greatness thrust upon them, but under neither of these heads may Secretary Alger be fitted.

THERE'S been more villainy and hogghishness exposed during the late short war than was developed during the whole of the Civil war, it appears, and the half has not been told likely.

It's a noticeable fact that nothing like hickering or selfseeking has been heard from Admiral Schley or General Joe Wheeler, both men of modesty and merit, as well as true heroes.

THE vampires who have fattened off the soldiers and people during the war ought to be made disgorge, and then the most of them strung up, as a warning in time for such as would pursue a like career in any succeeding war.

ABOUT the truth of the whole matter concerning the lack of supplies and bad treatment to sick and dying soldiers will be found to be that the money which ought to have gone for such purposes was crammed down into the pockets of villians and scoundrels and knaves, appointed by those high in office.

THE pension roll increasing at the rate of 55,000 a year thirty-three years after the close of the civil war, with 1,000,000 names now on the list and half a million claims pending is the highest evidence of Republican dishonesty in the administration of the pension office. It is rotten to the core, but it is sacred rottenness and the hand of the politician would suffer paralysis rather than touch it except to increase it.

"THE present means of whitewashing the army scandals is to blame the men for getting sick," remarks the New York Times. "Hanna's statement that the purchase of bananas and pop caused most of the sickness among the volunteers at Camp Alger is echoed by a Captain Quin, by, whose ideas are printed in the Sun and who says that nearly all the sickness was due to eating, drinking and dampness. It will surprise the doctors to learn that bananas and pop or any other sort of eating or drinking can develop typhoid fever."

THE Pugh newspapers of this Congressional district are attempting to create the impression that Hon. Mordecai Williams has Democratic enemies in Boyd County, when to the contrary the party is almost a unit for him. They attempt this ruse for the purpose of covering up Mr. Pugh's unpopularity in the Republican party in Boyd County. Such glaring misrepresentations will have no effect upon the people and they can not obliterate the course of Mr. Pugh during the two terms he has represented this district in Congress.—Catlettsburg Democrat.

Hon. Mordecai Williams.

A young lady—a daughter of one of the staunchest Republicans in Bath County—told us at the picnic last Saturday that the worst thing the Republicans could say against Hon. Mordecai Williams, the Democratic nominee for Congress, was that he was left-handed. She, being personally acquainted with Mr. Williams, said he was an honest Christian gentleman, of a pure and upright character. Shortly afterwards the father of this young lady told us that if the majority of the next Congress was made up of men like Mordecai Williams, the country would indeed be in good hands. He further said that the nomination of Mr. Williams is the greatest temptation for him to vote the Democratic ticket that he has ever had. We have hopes that this good Republican, and many others in this county, will endorse purity in politics by casting his ballot next November for the Hon. Mordecai Williams.—Bath County World.

A Ground Hog Case.

"The results of the Maine elections are quite satisfactory," says Secretary Overstreet, of the Republican Congressional Committee.
 "Are you resigned to your fate?" asked the visitor of the gentleman about to be hanged.
 "Resigned? Well, I should say so," replied the devoted one; "I've got to be!"

 THE Sovereign Grand Lodge of Odd-fellows met at Boston Monday, and was opened with prayer by J. W. Venable, of Hopkinsville, Grand Chaplain.

REV. W. O. MORRO has closed a meeting at Tollesboro that resulted in twenty-seven additions to the Christian Church. He will begin a meeting at Sand Hill soon.
 MISS NANNIE LOVE, formerly of Maysville, now of Muncie, Ind., was one of the most handsomely remunerated of any of the delegates to the recent convention of American Musical Methods, at Chicago.

CHARLES RANDOLPH, John Payton and Jim Payton, colored, mixed up in a row at the "Delmonico" on Wall street Monday afternoon, and in the scrimmage, Randolph was cut twice in the side by John Payton. His wounds are not serious.
 THE grounds of the old Madison Fair Association at Richmond, where so many successful exhibitions have been given in former years, will shortly be converted into stock pens to accommodate the large number of cattle brought there from all eastern Kentucky on court day.

SEASONABLE DRESS GOODS.

That is, allowing you time to have them made into dresses. The elegance of the better dress goods has been proven by dozens of delighted eyes. The unusual prettiness and worthiness of the little priced stuffs are just as probable. In judging look at these:

At 37 1-2 Cents.

Covert Cloths in twelve color mixtures, autumn weight, firmly made and worth half a dollar. Cheviots in wonderfully dressy goods that look much like the bigger priced import goods.

At 40, 45 and 50 Cents.

are finer Cheviots and fancy weaves, in handsome styles and colors that might fairly be classed among more aristocratic materials. But we'll only hint to tempt a look at these popular fabrics.

Political Liberty.

The women of the State of New York own \$1,000,000,000 worth of property. The amount of property owned by women in other States has not been estimated; the sum total would unquestionably prove startling. When it is remembered that the women of New York alone own more property than the valuation of all Cuba, and that according to Mr. Dingley, Chairman of the Ways and Means Committee, it would have cost the United States \$500,000,000 for the year of warfare to secure to Cuban men immunity from Spanish "taxation without representation," it seems strangely inconsistent. Not only are these women "taxed without representation," but they are asked to bear their full share of the "war tax" to aid in securing to Cuban men rights denied to themselves.
 Surely, since the Cuban question is settled, there is a home problem of "taxation without representation" which ought to engage the attention of aroused American patriotism. For fifty years large numbers of American women have petitioned and pleaded for the right of suffrage. Why should the plea remain unheard? Can it be possible the watchword of the Revolution, "Taxation without representation," is meaningless save amid the cruelties and barbarism of war? Surely Justice and Peace may march hand in hand! Let the righteous manhood of the nation insist upon it.—Exchange.

Consumption Positively Cured.

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but no good relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottles free at J. J. Wood & Son's drug store.

ANOTHER RUNAWAY.

Mr. James Stevenson Painfully Injured
This Morning While Coming
To Maysville.

Mr. James Stevenson and Mr. Sam Fowler, of the Mayslick neighborhood, were driving to Maysville this morning when their horse scared at something as they were coming down Warner's hill near Colonel Baldwin's farm, and ran off.

Mr. Fowler jumped out to catch the animal, but didn't succeed. After going some distance Mr. Stevenson pulled the horse to one side of the road and was thrown out, falling on his left heel and badly fracturing the bones. He was brought to Dr. Owens' office where his injuries were dressed. The accident will disable him for some time.

Encouraging Outlook For the Local Association—Sunday's Rally.

Every member ought to feel hopeful at the encouraging outlook for the association. All who attend the Sunday afternoon services must see in them the earnest work of the worthy Secretary, through whose untiring efforts these meetings have been made most interesting. Excellent speakers and fine singers have kindly given their time and talents, and have lent a helping hand. The large attendance tells how much their services are appreciated by the members and others. There were eighty-eight in attendance Sunday.

At Sunday's services Rev. John Barbour, of Birmingham, Ala., was the speaker and he took for his subject "The Bible a Young Man's Book." So well did he handle his subject that he left each one hungering for more. Mr. Barbour is a fine speaker, and we sincerely hope to have the pleasure of hearing him whenever he shall visit Maysville.

The duet by Miss Edith Berry and Mr. Hall Strode, "He That Marks the Sparrows," was sweetly rendered.

The Louisville Trotting Meeting will open Monday, September 26, with a great card. On that day all the cracks will try to beat The Abbott, 2:08½, in the Frank Fehr Stake, worth \$2,000 to the winner, and in the Commercial Club Stake, the West will have its only chance to see the California wonder, Searchlight, 2:04½, race against the best field of pacers ever brought together. The card for that day will wind up with the Preparation Stake, for three-year-old trotters, in which the Futurity eligibles will try for the money. No better day's racing was ever earded. All roads will sell tickets, one fare for the round trip.

When you want anything in the line of diamonds, watches and jewelry Murphy the jeweler's stock is always full; his prices are always lower and his goods are always as represented. See his \$20 watch that he is offering at \$11, warranted. Others would offer at these prices if they could. Great bargains in cut glass and sterling silver goods.

PLUMVILLE.

Prayer meeting at the church here every Sunday evening.

Miss Bettie Bean is a student at one of the colleges at Lexington.

Miss Lulu Tully, of Springdale, is attending school in Maysville.

Miss Annie Laura Northcott visited friends at Orangeburg last week.

Our school is reported to be progressing nicely with John Pollitt as instructor.

Mrs. I. N. Dyeard sold her interest in the Bean homestead to L. H. Jenkins; consideration, \$150.

Miss Sadie Glavin, of Maysville, visited relatives at Springdale from Saturday until Monday.

Elder D. C. Yaezel, who has been critically ill for the past few months, is reported to be sinking very fast.

E. L. Cobb, of Springdale, has gone to Stouts' Run, near Rome, to build a residence for James Andrews.

Mrs. Lydia Jinks, who has been visiting her sisters, Mesdames, T. P. Degmau, C. Coryell and Ida McDonald, will return to her home in Illinois Thursday.

The protracted meeting closed Thursday evening, the 13th. Four united with the church—Mr. and Mrs. Matthew Houghman, of Shellrock, and son Harry, and Mr. N. B. Rogers.

I. N. Dyeard and family removed to his farm in Greenup County the first of last week. Mr. and Mrs. Dyeard drove through in a buggy, a distance of about fifty miles, in order to get a good view of the country en route. The neighbors regretted very much to see them depart, but our loss will be Greenup County's gain.

SPRINGDALE.

Charles Vawter, who left here a few weeks ago for Lexington to reenter the Bible College, had to give up his studies on account of his eyes becoming so sore he could not use them, and has decided to stay out of school till the weather becomes cold.

Elder D. Hannah, of Australia, will preach at Bethany Church next Saturday evening at 7:30 o'clock, also at 10 a. m. Sunday morning. Elder A. Meldrum, of Scotland, will preach Sunday evening at 7:30 o'clock. These are young Bible students from the college at Lexington, and stand very high as ministers.

William Phillips, of Melbourne, Australia, who is now a student in the Bible College at Lexington, will on Monday at 8:30 a. m. September 26, at Bethany Church wed one of Cabin Creek's fairest daughters, Miss Cora McClure, oldest daughter of J. F. V. McClure, of Keokukville. The groomsmen will be Charles Vawter, of Springdale, and Andrew Meldrum, of Scotland, and the bridesmaids Miss Anna Hughes, of Covadale, and Miss Savannah McClure, sister of the bride. Ceremony by Elder David Hannah.

SHANNON.

Several of our farmers are done cutting tobacco.

Elder Bullock will visit the church at German town next Lord's day, preaching morning and evening.

Several from this community have been attending the conference at Flemingsburg, and some attended at Maysville.

There will be preaching at Bethel, near Kennard P. O., on the first Lord's day in October by Elder J. W. Bullock. The meeting will be continued through the week by Elder G. J. White. Everybody invited. White is worth hearing.

The past week has been one of sadness to us at this place. Four days we were in the house of mourning. Two deaths from typhoid fever, Miss Nora Iratton, of Sardis, and Mr. Clarence Gifford, of the community; Mrs. Stevenson, of old age and general debility, and Mrs. Wheatley, who was killed by the running off of a horse, she being thrown out. Her husband who was with her was badly hurt, but her little babe, which was in her arms when she was found, was uninjured.

The Coming of Baby.

When a baby comes to the house real happiness comes. The care and anxiety count for nothing against the clinging touch of the little hands and the sound of the little voice. The highest function given to human beings is bringing healthy, happy children into the world. Over thirty years ago the need of women appealed to Dr. Pierce, now chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. The result of his study improved by thirty years of practice is embodied in Dr. Pierce's Favorite Prescription. It strengthens, purifies and makes healthy the organs distinctly feminine. It gives weak women the strength and health necessary for the production of healthy children and it makes the bearing of those children easy. It is sure to cure any weakness or derangement peculiar to women; stops pain, soothes inflammation, strengthens, purifies, invigorates.

How To Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look; if your stomach be disordered, you have a dyspeptic look; if your kidneys be affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alternative and Tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at J. J. Wood & Son's drug store. Fifty cents per bottle.

Locomotive Cough.

The cough, or puff, of a railway engine is due to the abrupt emission of waste steam up the chimney. When moving

SYRUP OF FIGS

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

slowly the cough can, of course, be heard following each other quite distinctly, but when speed is put on the puffs come out one after the other much more rapidly, and when eighteen coughs a second are produced they cannot be separately distinguished by the ear. A locomotive running at the rate of nearly seventy miles an hour gives out twenty puffs of steam every second—that is, ten for each of its two cylinders.

Mr. GEORGE SCHROEDER's little son who was injured by the runaway horse Sunday afternoon spent a restless night, but was thought to be much better this morning. The other children injured are getting along as well as could be expected. Mr. Schroeder's child was probably injured more seriously than the others.

The Gloved Pasha.

Mustapha Pasha Fehmi, prime minister of Egypt, decorated by Queen Victoria with the grand cross of the Order of St. Michael and St. George, is known throughout Egypt as the gloved pasha, owing to the fact that no one has ever seen his left hand bared since the day two and twenty years ago when, as one of the chamberlains of the late Khedive Ismail, he helped his colleague, Sahni Pasha, to strangle the Egyptian minister of finance at the close of a supper party given by the wicked old khedive on board his steam yacht, lying at anchor in the Nile at Cairo, just off the palace of Gezerah.

Interest Paid.

Washington, Sept. 20.—The treasurer of the United States mailed 27,516 checks, aggregating \$4,919,294, in payment of the interest due October 1 on United States registered 4 per cent consols of 1907, with notice that they may be presented for immediate payment.

Indignation Expressed.

Madrid, Sept. 20.—There is much indignation here at the fact that there were 123 deaths during the voyage among the 1,000 Spanish soldiers who have just arrived in Spain on board the Spanish transport San Ignacio de Loyola, from Santiago de Cuba. The Spaniards attribute this heavy death rate to the "inhumanity of the Americans" in obliging the sick Spaniards to embark and make room in the hospitals for the Americans.

LOUISVILLE TOBACCO MARKET.

Demand Continues Satisfactory For the Colory Low Grades—Some Sales of Good Leaf.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 1,996 hds., with receipts for same period 472 hds. Sales on our market since January 1st amount to 82,932 hds. Sales of the crop of 1897 on our market to this date amount to 67,771 hds.

The condition of the market has been very similar to that of previous week. The offerings have embraced a large proportion of common tobacco, and the demand continues satisfactory for the colory low grades. Some sales of good leaf were made during the week at prices ranging from \$14 to \$17.25.

Rapid progress is being made in housing the new crop but in many localities a large part of the crop is still on the hill and some of it will not be ready for the knife until toward the end of the month.
